STIÚRTHÓIR TAIGHDE AGUS FIONTAIR / DIRECTOR OF RESEARCH
AND ENTERPRISE Professor Ellen Hazelkorn

26th April 2012

To whom it may concern

I would like to inform you that the Director of CREST, Dr. John Colreavy, will be completing his secondment to DIT and returning to Enterprise Ireland in June, 2012. John came to DIT from Enterprise Ireland in 2003 and under his stewardship CREST has built an excellent reputation for its research activity and output, and its engagement and support of industry. While we are extremely sorry to see John go, he leaves behind a strong legacy of professionalism and scientific rigour and we are very grateful for his contribution.

DIT and Enterprise Ireland have instituted a transition agreement that ensures the continued rapid growth of the Centre and the post of Director of CREST will be advertised publicly in the coming weeks. We will copy you on the recruitment ad in case you would like to circulate it to any of your own contacts. It won't be possible to fill the post by 7th June; in the interim, the current CREST management team will provide the support you require. Dr. Yvonne Cadogan (yvonne.cadogan@dit.ie), Commercialisation Manager with CREST will be the first point of contact.

We will be hosting a small reception on Wednesday 6th June at 17.00 in DIT to mark the departure of Dr. Colreavy and I hope that you will join us to say farewell to John and look forward to meeting you then.

Regards

Professor Ellen Hazelkorn
Director & Dean
Research and Enterprise
